PROFESSIONAL SUMMARY:

Aspiring Python Full Stack Developer skilled in Python, Django, Flask, REST APIs, MySQL, and React.js. Experienced in building, deploying, and debugging web applications with a strong focus on clean code, problem-solving, and continuous learning. Hands-on experience in backend development and troubleshooting.

TECHNICAL SKILLS:

Programming Languages	-	Python, JavaScript
Frontend	-	HTML, CSS, Bootstrap, Tailwind CSS, React.js
Backend	-	Django, Flask, REST APIs, Django REST Framework, Jinja2
Databases & ORM	-	MySQL, SQLite, SQLAlchemy
Data & Analytics	-	Pandas, NumPy, Matplotlib, Streamlit, Microsoft Excel
Tools & Platforms	-	Visual Studio Code, Git, GitHub, Postman, Render, Vercel
Operating Systems	-	Linux, Ubuntu

INTERNSHIP EXPERIENCE:

PYTHON DEVELOPER INTERN(REMOTE) | CODTECH IT SOLUTIONS PVT. LTD. | May 2026 – June 2026

- Developed and tested web application features using Python and Flask.
- Worked with MySQL, SQLite, and SQLAlchemy for database management and CRUD operations.
- Used Git and GitHub for Version Control, debugging, troubleshooting, and project collaboration.

PROJECTS:

Server Health Monitor

- Built a Django-based web application to monitor CPU, RAM, Disk, and system information.
- Developed a responsive dashboard using Bootstrap, Chart.js, and psutil with Render deployment.

Real-Time Dashboard

- Developed an interactive dashboard using Streamlit and Pandas for data visualization.
- Created dynamic reports and insights for better data understanding and analysis.

Expense Tracker

- Developed a Flask and MySQL Expense Tracker with CRUD and SQLAlchemy integration.
- Built a dashboard to manage income and expense records with summaries.

EDUCATION:

BSC COMPUTER SCIENCE	-	SADAKATHULLAH APPA COLLEGE(2023 – 2026)
HSC	-	MUSLIM HIGHER SECONDARY SCHOOL(2022)
SSLC	-	MUSLIM HIGHER SECONDARY SCHOOL(2020)
